

Home Learning

“Spelling Frame” is a simple website that which supports the children in Years 1 to 6 to practice their spellings.

Use the list of age groups to choose your Year Group and then find the list of words which your child can practice.

You can choose to practise a set of words, take a test or play a game with those words. If you choose to practise you will see the word broken down into the syllables and will then be given a series of activities to help you memorise the spelling. If you then spell the word correctly you move onto the next word. If you make a mistake you repeat the process to help you to learn the word.
