

Uno, due, tre ...Learn to count to 10 (or beyond) in Italian. Record a video to show your new skill.

What goes up must come down? The Leaning Tower of Pisa is one of the most iconic buildings in the world. Make a model of it using any materials you wish.

Buon appetite!
Cook a meal using pasta. Don't forget to tell us about the ingredients and take some photos.

Who goes there? Look around—there's another mask behind you!
Make a mask to wear at the Venetian Carnival.

Did Marco Polo really introduce pasta to Italy? Research the history of pasta and show us what you found out.

Are you ready to light up the dance floor at The Masquerade Ball? Create a modern dance to perform at the ball and record yourself performing it.

Diamond Class Home Learning Spring Term 2026

Incredible Italy, Rocks and Soils

The following activities are recommendations and suggestions that link to learning that is happening in school. Reading should also be happening at home and please make use of your reading journal. There is also TT Rockstars and My Maths offering further learning opportunities. If you do any other work at home which links with our learning, then please feel free to put it in your homework book.

Look in your local area and collect different types of rock. Can you work out what types of rock they are?

Put some soil from your garden in a large clear pop bottle. Fill with water and shake. Leave the bottle for a week and see what happens to the soil as it settles out. You should find the heaviest particles settle first and the lightest particles settle last.

Can you find a fossil?
Draw and label it.

Go on a hunt around your home. How many things can you find that are made of rock?
